Dear Mr. Makuch,

Thank you for your wonderful gift of \$200, in honor of Ben Perry, to Dana-Farber Cancer Institute and the Jimmy Fund. Your gift will be directed to cancer research and patient care and is deeply appreciated by all of us at the Institute.

Our physician-scientists are leading the way toward a new era in cancer care where patient treatments are determined by the genetic makeup of an individual's disease. This means a more personalized, targeted approach to combat cancer that, when coupled with the Institute's dedication to total patient care, translates to greater hope for our patients and their families. Your generosity has a direct impact on our efforts and is playing a vital role in our progress.

It is my pleasure to partner with you in our shared mission to conquer cancer.

Best Wishes,

A handwritten signature in cursive script that reads 'Susan Paresky'.

Dear Friends,

As the holidays rapidly approach, there are thousands of families in New Hampshire who will need help to stay warm. Your gift of \$200.00, which arrived on 12/16/2011, will help us to provide for one basic human need, food, so that those families can focus their resources on warmth and shelter without added burden. This gift means the world to every person whom it will touch, and for that I thank you.

This fall commemorated the first year in our new warehouse on East Industrial Park Drive. Since our move, we have been able to increase food distribution, expand our Production garden program, provide a better learning environment for our Culinary Training students, and host numerous corporate and organizational meetings that bring heightened awareness to their attendees. None of this would be possible without you, our donors - without your support, we would not have the food to provide, the space to teach, or the personnel to expand our reach. We look forward to the coming years, where, with your help, we will expand even further and provide for more of New Hampshire's hungry citizens.

Thank you again for helping us in our fight against hunger.

Warmly,

Colleen Cowette
Director of Development
